Dallas, TX November 27, 1979

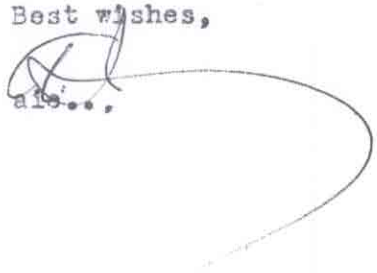
Dear Harold:

Thanks for info re wood stoves - very thorough. I recall that in the very dim past we had a coal stove near pulpit in our church and had the brand name on it "KING COLE".

Well, its getting close to ho, ho time and the tempo will increase and will suddenly deflate around January 2.

Hope everything is fine in "My Maryland" country!

Best wishes,



als...
